## **Expectations of Parents**

- Ensure that their server is present at all assigned dates (at least 10 min. before Mass) or procures a replacement and informs the parish office of the name of the replacement
- Helps maintain the vestments worn by the servers twice during the first year—identifying unclean vestments or those needing repair; organizing vestment closet. Instructions will be posted on the web site and in the altar server vesting area.

## **Patron Saint of Altar Servers: St. John Berchmans**

St. John Berchmans was not noted for extraordinary feats of holiness or austerity, nor did he found orders or churches or work flashy miracles. He made kindness, courtesy, and constant fidelity an important part of his holiness. He is a reminder to us that the path to holiness *can* lie in the ordinary rather than only the extraordinary.
